

ONLY THREE REJECTED

Major Brown Secures Eighteen Recruits Yesterday.

THEY WILL LEAVE TONIGHT

Will Go Direct From Here to Chickamauga, Georgia.

Yesterday afternoon at 1 o'clock Major W. L. Brown of the Twenty-first Kansas Volunteer Infantry opened a recruiting office in the basement of the city building. The applicants underwent a physical examination by Major Brown. Of the twenty-one examined only three failed. They were deficient in eyesight. Major Brown was ably assisted by Sergeants Walcott, of company K, which was recruited at the first call at Kilmartin; Borkin, of company E, from Hutchinson; Vanaman, of company C, of Wichita, and Private Kirby, of company L of Wellington.

The following were enrolled, their weight, chest expansion and the company in which they desired to enlist being given:

Lewia N. Schwartz, 132 lbs., 5 inches, Co. C.
Grant Jeffers, 135, 5 1/2 inches, Co. C.
Ed H. Chittum, 141, 4 inches, Co. C.
William A. Solomon, 150, 5 inches, Co. C.
W. T. Minick, 146, 7 inches, Co. C.
Robert S. Hollis, 141, 5 1/2 inches, Co. C.
Edward How, 134, 4 inches, Co. C.
Harry H. Green, 121, 7 inches, Co. C.
Smith Shackelford, 147 1/2, 5 1/2 inches, Co. C.

Ed S. Patton, 152, 5 inches, Co. E.
Philip Truby, 141, 5 1/2 inches, Co. F.
Samuel Mullin, 135, 4 1/2 inches, Co. C.
Bert C. Lusk, 135, 4 inches, Co. C.
Bert Preston, 134, 5 inches, Co. F.
Monte Dennis, 127, 4 1/2 inches, Co. C.
Campbell Roberts, 141, 6 1/2 inches, Co. C.
Bert Latham, 137, 5 inches, Co. F.
George B. Tomlinson, 138, 5 1/2 inches, Co. F.

Four desired to be assigned to company F, which was recruited from El Dorado, one desired to be sent to company E, which hailed from Hutchinson, and thirteen will join company C, which is from this city.

Undoubtedly the heavy rains and the rain kept a number from coming in from the country. However, they can be enlisted today until 5 o'clock. Company C is short thirty men and only thirteen were enlisted yesterday, although only half a day was consumed in the work. Today beginning at 9 o'clock the office will be open, when all who may desire to join as privates will be taken. Besides privates there are eighteen hospital stewards, eight musicians and one blacksmith wanted. Major Brown and his assistants will leave here this evening at 6:30 on the Santa Fe for Wellington, where they will open an office tomorrow. They will be in Wellington until Friday evening. On Saturday they will be in Hutchinson, and on Monday in Kilmartin. Major Brown expects to have recruited his quota by next Tuesday night. He will leave for Chickamauga on Wednesday.

The boys who were enlisted here will leave tonight for Chickamauga, probably under the care of Sergeant Vanaman. As fast as they are enlisted they will be sent to the drill grounds.

POLICE COMMISSIONERS

According to the Committee Report are All Right.

The committee appointed to report to Governor Leedy on the police commission's books got through yesterday and went to Topeka. The report shows the affairs of the commission to be straight and the business of the board to be conducted on business principles.

There was common talk on the streets yesterday that the board here would be abolished, but it wasn't, or at least if it was no one knew anything of it. The report of the committee being favorable, the police row will probably stop now for three days.

AFTER JULY FIRST

It Will Take a Two-Cent Stamp to Cash Checks.

On July 1st every person who has a check to cash at any of the banks will have to buy a two-cent revenue stamp and put it on before the money is paid.

No Cripe

When you take Hood's Pills, the big, old-fashioned, sugar-coated pills that you all like, are not in it with Hood's. Easy to take

and easy to operate, a true of Hood's Pills, which are up to date in every respect. Safe, certain and sure. All druggists, the C. I. Hood & Co., Lowell, Mass. The only Pills to take with Hood's Sarsaparilla.

No matter how much or little the check is, it will require two cents. There is already a discussion in Wichita as to who will have to pay this two cents, the man who gives the check, the man who gets it cashed, or the bank. It will probably be the man who gives the check.

FINE LOOKING FELLOWS

Company of Volunteers Present Good Appearance.

The company of volunteers being raised by Adjutant Brown here now is a fine looking set of fellows. Most of them are broad shouldered and muscular, fresh from the farm and when they get into their uniforms will probably outdo any company yet sent from Kansas.

WANT A BALL CLUB

Business Men Organize and Will Get a Team.

OFFICERS WERE ELECTED

Committee Will Solicit Today For Player's Salary.

Several of the most substantial business men in the city met yesterday and decided to reorganize a baseball club to finish out the present season, beginning on July 1st, and continuing through August and September. A good baseball team is nearly indispensable to a city and this city should have one. The hardest part of the work has already been accomplished. A grand stand has been erected and a good substantial fence built and a good location secured and now all that is necessary is to have a team, which can easily be secured, provided support of the right kind is forthcoming. Today a subscription paper will be started and the business men will be asked to subscribe monthly from one, two or five dollars as they feel able each month toward paying salaries. It is calculated by those who have had experience that \$100 will see the club through during the three hot weather months and it will be a diversion and a place to spend an afternoon during these months. Those who have taken hold of the matter are absolutely responsible and are very enthusiastic and it now looks as if with such energy a winning ball club is assured.

The following well known gentlemen were elected as a board of directors: B. L. Eaton, Edward Vail, Joseph Miller, B. R. Hill, Charles Mosbacher, Fred Van Dyne, A. L. Bennett, C. W. Carey, S. B. Amidon and Clarence Smith. Mr. Eaton was elected president, W. S. Henrich, secretary, and C. W. Carey, treasurer. A committee was chosen from among the directory to solicit subscriptions from the business men. The secretary was instructed to correspond with players who have been playing in the Texas and Southern leagues and recently disbanded. They expect to have as good a team as there is in the west and at very little expense. The gentlemen who are interested are devoting their time and giving their money purely for the love of the game and in no sense are in it for the purpose of making any money out of it. One of the players will be made manager and none but players will receive any emoluments. No season tickets or passes will be issued and with economy a first class club can pull through the season and give this city a first class article of ball. The Atchison club has written to the Eagle saying that they would be willing to come here and finish the season; no action as yet has been taken in regard to it. A splendid club can be obtained on short notice and it is to be hoped this city will have one and it will if the gentlemen are given any encouragement.

MUSICAL LAST EVENING

Mrs. Dr. Creditor Entertains For Mrs. Hattson.

Mrs. Doctor Creditor gave a musicale last evening in honor of Mrs. Bailey of Chicago, at her home, which was a most delightful affair and one of the most enjoyable gatherings of the season. Such well known local celebrities as Miss Bessie Woods, Miss Mabel Larimer, Mr. Casper Hansen each sang a solo. Mrs. Bailey favored the party with a lovely recitation. Miss Lett Creditor gave a recitation, "The Sinking of the Maine," which was highly appreciated. The evening was one long to be remembered for the pleasure given and derived.

THERE IS A CLASS OF PEOPLE

Who are injured by the use of coffee. Recently there has been placed in all the grocery stores a little tin preparation called GRAIN-O, made of pure grains, that takes the place of coffee. The most delicate stomach receives it without distress, and few who use it tell it from coffee. It does not cost over 1/2 as much. Children may drink it with great benefit. Use and see for yourself. Try it. Ask for GRAIN-O.
